Upon review of the history of this application, it became apparent that an interview summary was inadvertently not prepared. A summary is provided below to make the record complete for the August 5th interview to the best of the examiner's recollection. A discussion of the prior art of Ellis (US 6,167,428) vs. interpretation of claim language 1-5 took place.

Applicant argued that his "home network server" and the definition of "subscribe" was different from Ellis.

Applicant argued the examiner improperly made the second office action final and introduced a new grounds of rejection. Applicant requested the examiner to withdraw the rejection. Examiner responded to all of the arguments and used the same prior art, Ellis (US 6,167,428), thus making a proper final rejection.

Applicant proposed changing the claims only if the examiner was willing to allow the application. Examiner explained that any amendment would require further search and consideration by the examiner. Examiner repeatedly asked applicant to send a formal response in writing. Applicant repeatedly refused as applicant did not wish to pay the extra fees of \$395.

Applicant was extremely insistent and wished to speak to someone with negotiation authority. Out of courtesy by the examiner, another interview was scheduled for August 9th with someone of negotiation authority.

No agreements were reached with respect to both the limitations of claims 1-5 and proposed claim amendments.
